CLX Medical, Inc. Announces LETI Laboratories as Master Distributor for Subsidiary Products into the European Market

Issued Friday August 8, 9:45 am ET

Meetings at AACC event expected to result in Letter of Intent

MURRIETA, CA--(MARKET WIRE)--Aug. 8, 2008 -- CLX Medical, Inc. (OTC BB: CLXN), which is focused on the launch and distribution of unique medical diagnostic testing products, today announced that the company has reached agreement with LETI Laboratories, a Barcelona based biopharmaceutical company, to serve as the sole importer of CLX's subsidiary products into the European market.

LETI Laboratories will provide product support and product packaging control; coordinate sales to other European distributors; distribute the company's products in Spain and Portugal; act as the registered EU representative for CE marked products; serve as the one point of entry for CLX products into Europe; and assist with the development and implementation of pricing structures.

In meetings at last week's American Association for Clinical Chemistry (AACC) Annual Meeting and Clinical Lab Expo held at the Walter E. Washington Convention Center in Washington, DC, representatives of CLX Medical and LETI Laboratories agreed to terms that will be included in a Letter of Intent between the two companies.

Laboratorios LETI, S.L. is an independent, family-owned, biopharmaceutical company dedicated to medicinal research. The company, founded in 1909, is based in Barcelona and its industrial plant and allergy research laboratory are located in Tres Cantos (Madrid). It has subsidiaries in Germany and Portugal and operates with exclusive distributors in different European countries, South America and Africa.

Additional information on LETI Laboratories can be found at http://www.leti.com/eng/lab_perfil.asp.

Some of the initial work that will be undertaken by LETI on behalf of CLX's subsidiary products includes market research and a plan for distribution in the European market.

“We are extremely pleased to announce LETI Laboratories as our targeted master

distributor for the European market and look forward to the Letter of Intent, which we expect to be executed very shortly,” commented Vera Leonard, chief executive officer of CLX Medical. “LETI is a highly capable and well established company and has significant expertise in the European market. Our association is expected to provide a number of distinct advantages for CLX as we pursue widespread distribution for our subsidiary products and additional medical diagnostic tests that we may choose to acquire or license. LETI will be an excellent partner for CLX as we seek to expand distribution of our products in the European market.”
